

teaching spaces & classrooms

SpaceAge Communications can enhance any teaching and learning environment with their customized audio visual systems.

Our unique classroom package is designed to deliver an entry-level audio visual system with control that will satisfy the most stringent budgetary requirements.

The package consists of:

- Ceiling-mounted DLP projection system
- Motorized infrared projection screen
- Simple audio visual control system
- DVD/VCR combo system
- Computer/PC connection point
- Equipment rack on castors

All delivered and installed for only \$10K each room.*

SpaceAge Communications can also provide a tailor-made audio visual system to suit any budget, be it portable data projectors, whiteboards, etc., to more advanced systems which include intelligent room integration, videoconferencing and room booking systems.

* The Classroom package is subject to the site being located in the Metropolitan Area and an inspection of the site.
